Welcome to Oral-B!

Before operating this toothbrush, please read these instructions and save this manual for future reference.

IMPORTANT

• Periodically check the cord for damage. If cord is damaged, take the charging unit to an Oral-B Service Centre. A damaged or non-functioning unit should no longer be used. Do not modify or repair the product. This may cause fire, electric shock or injury. Never insert any object into any opening of the appliance.

• Usage by children under age 3 is not recommended. Toothbrushes can be used by children and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge, if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.

• Cleaning and maintenance shall not be performed by children.

• Use this product only for its intended use as described in this manual. Do not use attachments which are not recommended by the manufacturer.

• Only use charger provided with your appliance.

WARNING

• Do not place the charger in water or liquid or store where it can fall or be pulled into a tub or sink. Do not reach for it when fallen into water. Unplug immediately.

• This appliance contains batteries that are non-replaceable. Do not disassemble the product except when disposing of the battery. When taking out the battery for disposal of the unit, use caution so as not to short the positive (+) and negative (–) terminals.

• When charging, always hold the plug instead of the cord. Do not touch the power plug with wet hands. This can cause an electric shock.

• If you are undergoing treatment for any oral care condition, consult your dental professional prior to use.

• This toothbrush is a personal care device and is not intended for use on multiple patients in a dental practice or institution.

• For tooth brushing only. Do not chew or bite on brush. Do not use as a toy or without adult supervision.

To avoid brush head breakage which may generate a small parts choking hazard or damage teeth:

• Prior to each use, ensure the brush head fits well. Discontinue use of the toothbrush, if brush head no longer fits properly. Never use a brush head.

• If the toothbrush handle is dropped, the brush head should be replaced before the next use even if no damage is visible.

• Replace brush head every 3 months or sooner if brush head becomes worn.

• Clean brush head properly after each use (see «Cleaning Recommendations» paragraph). Proper cleaning ensures the safe use and functional life of the toothbrush.

Description

a Brush head (depending on model/interchangeable)
b On/off switch
c Handle
d Charging unit

Specification

For voltage specifications refer to the bottom of the charging unit.
Connecting and charging
Your toothbrush has a waterproof handle, is electrically safe and designed for use in the bathroom.

• Plug the charging unit (d) into an electrical outlet and place the toothbrush handle (c) on the charging unit (picture 1).
• A full charge takes about 16 hours and enables up to 8 days of regular brushing (twice a day, 2 minutes).

Battery maintenance
To maintain the maximum capacity of the rechargeable battery, unplug the charging unit and disconnect the handle by regular use at least every 6 months.

Brushing technique
• Wet brush head (a) and apply any kind of toothpaste. To avoid splashing, guide the brush head to your teeth before switching the appliance on (b).
• When using one of the rotating brush heads guide the brush head slowly from tooth to tooth, spending a few seconds on each tooth surface.
• When using the Oral-B «TriZone» brush head place the toothbrush bristles against the teeth at a slight angle towards the gumline. Apply light pressure and start brushing in back and forth motions. Just as you would do with a manual toothbrush.
• In the first days of using any electric toothbrush, your gums may bleed slightly. In general, bleeding should stop after a few days. If it persists after 2 weeks, please consult your dentist or dental hygienist.

Timer (depending on model)
An incorporated timer memorises the elapsed brushing time. A short stuttering sound indicates the end of the professionally recommended 2-minute brushing time.

Brush heads
Oral-B offers a variety of different Oral-B brush heads that fit your Oral-B toothbrush handle. Our oscillating-rotating brush heads can be used for tooth-by-tooth precision cleaning.

Oral-B CrossAction brush head
Our most advanced brush head. Angled bristles for a precise clean. Lifts and powers away plaque.

Oral-B FlossAction brush head
Features micropulse bristles that get deep in hard-to-reach areas between each tooth surface, gently removing hidden plaque.

Cleaning
After use, rinse the brush head for several seconds under running water with the handle switched on. Switch 91446634_D12_KR_49x406.indd   7 18.03.20   16:49

off the handle and take off the brush head. Rinse both parts separately under running water and wipe them dry. From time to time, also clean the charging unit with a damp cloth (picture 4).

Environmental Notice
Product contains batteries and/or recyclable electric waste. For environment protection do not dispose in household waste, but for recycling take to electric waste collection points provided in your country.

Guarantee
We grant a 1 year guarantee on the product commencing on the date of purchase. Within the guarantee period we will, free of charge, repair or replace any defect in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose. This guarantee extends to every country where this appliance is supplied by Braun or its appointed distributor. The guarantee does not cover damage due to improper use, normal wear or use, especially regarding the brush heads as well as defects that have a negligible effect on the value or operation of the appliance. The guarantee becomes void if repairs are undertaken by unauthorized persons and if original Braun parts are not used.

To obtain service within the guarantee period, hand in or send the complete appliance with your sales receipt to an authorized Oral-B Braun Service Centre.

Warranty replacement brush heads
Oral-B warranty will be voided to electric rechargeable handle damage is found to be attributed to the use of non-Oral-B replacement brush heads. Oral-B does not recommend the use of non-Oral-B replacement brush heads. Oral-B cannot control the quality of non-Oral-B replacement brush heads. Therefore, we cannot ensure the cleaning performance of non-Oral-B replacement brush heads, as communicated with the electric rechargeable handle at time of initial purchase. Oral-B cannot ensure a good fit of non-Oral-B replacement brush heads. Oral-B cannot predict the long-term effect of non-Oral-B replacement brush heads on handle wear. All Oral-B replacement brush heads carry the Oral-B logo and meet Oral-B’s high quality standards. Oral-B does not sell replacement brush heads or handle parts under any other brand name.

Manufacturing date code:
To determine the year and month of manufacture, refer to the 4-digit production code located on the type plate of charger and handle. The first two digits of the production code refer to the year of manufacture. Next two digits refer to the month of manufacture. Example «1209» – means the product was manufactured in September of 2012.
