B. Oral-B tips

- Clean your teeth

- Brush around your gums

- Rinse with water

- Use the timer function

- Replace the brush head
中文

请在使用产品前仔细阅读本说明书并保留作为以后的参考。

重要注意事项
- 本产品须放在不会掉入水中或摔落于地上的地方。头部也须放在易取的地方。
- 定期检查电源线有否损坏。损坏或发生故障的电源线不可继续使用，如有损坏，请将其送至服务台服务中心。
- 12岁以下儿童使用前须在成年人监护下使用。
- 儿童须在有人监管下使用，以确保产品不会被儿童玩耍。
- 如果电源线被摔落，即使没有明显损坏也须在下次使用前更换。
- 不要将插座插在容易跌落浴缸或洗浴台的地方。
- 不要在插座上放上水或其他液体中。
- 不要接触已掉入水中的插座，须立即拔出插头。
- 不要改变电源插座，以避免火灾、触电或其它伤害。更换插座时请咨询专业电源插座维修人员，除旧去新电源插座，须立即拔出插头。
- 如产品在使用过程中出现故障，须立即停止使用。

牙刷
1. 充电座
2. 低电量显示灯
3. 充电显示灯
4. 牙刷手柄（可充电）
5. 开/关键
6. 压力显示灯
7. 刷头（参考“刷头和配件”）
8. 刷头存储格

口腔冲洗器
9. 吸唾存储盒
10. 吸唾
11. 吸唾调合器
12. 吸唾释放按钮
13. 开/关键
14. 水压调整器
15. 手摇开关（吸唾或喷水）
16. 冲洗手柄
17. 水杯
18. 电源线存储格

规格：
电压的规格请参考充电器底部。

A 牙刷的使用
欧乐B-3专业口腔护理中心3000系列采用便携式设计，存放简单易于使用。（见第4页，图2）

连接电源和充电
本牙刷带有防漏手柄，不导电，可在浴室放心使用。
- 将产品与电源插座连接，并将牙刷手柄（4）安放在充电座（1）上。（见第5页，图2）
- 电脑牙刷充电时，绿色指示灯（3）闪烁，当电冲满时，绿色指示灯会持续闪烁约5小时，然后熄灭。一次完整的充电电量可供大约7天的正常使用（按一天刷两次，每次两分钟计算）。

请注意：如果充电指示灯没有立即闪烁，请继续充电。指示灯会在15-15分钟内亮起。

刷牙模式
您的牙刷提供不同的刷牙模式，以满足您个性化的口腔需要。
- 标准清洁模式- 有效地口腔清洁
- 轻柔模式- 轻柔地清洁口腔内敏感区域
- 刷洗模式- 用于偶尔或每日的刷洗

刷牙方法
将刷头（7）安装到牙刷手柄上。您可以用任何牙膏。为了避免牙膏飞溅，请将刷头放在牙膏上后按下启动开关。引导您牙齿在腔中慢慢移动，每颗牙齿表面都要花几秒钟。就如洗刷般的刷牙一样刷洗您的牙龈，先外再内最后洗刷咀嚼面。不要用太大力的刷洗。

压力感应器
本产品有压力控制系统（见第5页，图b）有助于帮助保护牙齿和牙龈免于过度刷洗。如果压力过大，红色压力显示灯（6）会亮起，提示您减少压力。另外，您也可以从声音中听出其中的不同，定期使用时按压刷头以检查压力感应系统的运行。

专业定时器
每隔30秒您会听到一个短音提醒您平均刷遍您口腔内所有的4个象限。长音表示您已经完成了专家推荐的2分钟刷牙时间（见第5页，图c）。

当牙刷暂停刷牙的时候，专业定时器会记录您的刷牙时间，当暂停超过30秒时，定时器将重置为初始值。

使用本电动牙刷的前几周，您的牙龈可能会有轻微的出血现象。这种现象通常会在几天后消失。如果这种情况持续两周以上，请与您的牙医联系。如果您的牙齿和牙龈有过敏现象，欧乐B推荐您使用“敏感模式”。

个性化的刷头和配件（按型号不同配置）
欧乐B-3专业口腔护理中心提供多种多样化的选择，包括刷头和配件，以满足您的不同口腔需要。可替换刷头和配件可在各大商场欧乐B商店销售。
B 口腔冲洗器的使用

在首次使用前，将水杯（17）装满水，握住冲洗器手柄（16）对准脸盆，启动开关，让水完全流出。

- 取一个喷嘴（10）安装在电动牙刷上，直至锁紧。（见第5页，图e）。温水添加：如果您希望添加温水，请先添加温水后再添加冷水。（见第5页，图f）。
- 按下开关（13）打开冲洗器。（见第5页，图g）。此时手柄开关应处于低位即水平位置。
- 用水压调节按钮（14）选择压力（1=温和，5=强劲）。（见第5页，图h）我们建议您从水温和水压1开始，如果您的牙龈易出血或是儿童使用时更应注意。
- 坐好面对脸盆，将喷嘴朝向牙齿和牙龈。将手柄开关（15）向上推，启动冲洗器。（见第5页，图f）。嘴微微张开以便让水流进脸盆。

您可通过向上或向下推动喷嘴调节器（11），选择两种不同的喷水功能。（操作前，请将手柄开关向下推，以关闭水柱）。

- 旋转水柱来清洁和按摩牙龈（喷嘴调节器处为斜位）：旋转水柱和气泡是为了易于深入牙龈线下方而设计的。（见第5页，图k）。
- 直射水柱：（喷嘴调节器处于高位）：水柱呈直线喷出，用于清洁特定部位。（见第5页，图j）。

最长使用时间：15分钟
冷却时间：2小时

喷嘴底部有一滤网，用于确保喷水功能的正常使用。如您注意到水压减小，请检查滤网是否有沉积物并将其清除。例如：在平坦表面上小心轻搓滤网以将沉积物除去。

使用后

请将水杯和喷嘴浸泡在水中，待使用完毕后用清水冲洗喷嘴，避免产生微生物沉淀。为防止细菌滋生，请继续开启电动牙刷，直至喷嘴停止喷射。

按下开关关闭冲洗器。

取下喷嘴及电动牙刷底座，再将喷嘴放置在喷嘴存储格（9），将电动牙刷底座放回充电座。

清洁建议

用湿布定期清洁外壳。水杯和喷嘴存储格可拆卸，并可在洗碗机中清洗。
电池的移除
请在产品使用寿命结束时，如下图打开手柄，移除充电电池
并将其送至当地法定规定的回收或处理场所或按照当地的环保
规定进行处理。

警告
除了废弃产品以外，不要任意拆卸产品。任意拆卸可能会造成短
路、火灾或其他伤害。
您可将产品送至官方服务中心进行维修（如电池更换）。

注意！打开手柄将破坏产品且不再享有保修。
在移出电池前，请确认电力已完全耗尽。
如有变更，恕不另行通知。

环保提示
产品包含可充电电池。为了保护环境，请不要将本产品在使用
寿命结束后和日常家庭垃圾一起丢弃。您可将其送至博朗售后
服务中心或当地政府规定的回收或处理场所或按照当地的环保
规定进行处理。

保养
我们为产品提供2年的有限保修，保修期从购买日开始计算。在
保修期内对于材料或生产过程引起的各种缺陷，我们会视情况更
换零件或整个产品。本保修适用于全球范围内所有博朗公司及其
指定供应商出售的博朗产品。

上述保修不含以下内容：由于使用不当造成的产品损坏；正常
使用引起的产品老化、磨损、（如刷头等）；以及对产品的价值
或使用功能影响不大的一些损坏。如果产品经过未经授权的人员
修理，或产品使用了非本公司（博朗公司）的零件，保修期立即
终止。

若在保修期内需要维修，请在保修期内将本产品和销售收据一起
交给授权的欧乐-博朗售后服务中心。

欧乐-博朗护理组合
充电式电动牙刷+冲牙器

地址：广州市经济技术开发区滨河路一号

关于更换可替换刷头的维修说明
由于使用非欧乐-博朗品牌可替换刷头而引起的充电刷柄的损坏
将不适用于欧乐-博朗保修服务条例。
欧乐-博朗不推荐使用非欧乐-博朗品牌的可替换刷头。
- 欧乐-博朗不能控制非欧乐-博朗品牌可替换刷头的质量。因此，在
使用非欧乐-博朗品牌可替换刷头的情况下，我们不能保证口腔
清洁的效果跟使用原装配制的刷头一样。
- 欧乐-博朗不能保证非欧乐-博朗品牌可替换刷头能够很好地兼容电
动刷柄。
- 欧乐-博朗无法预测长期使用非欧乐-博朗品牌可替换刷头对刷柄的
影响。
所有的欧乐-博朗可替换刷头都持有欧乐-博朗商标，且符
合欧乐-博朗的高质量标准。欧乐-博朗不出售标注在其他品牌下的
任何可替换刷柄或刷头。

English

Please read the usage instructions carefully before first use and save it for future reference.

Important
- The appliance must be mounted in a way that it cannot fall into water or drop to the floor. The plug should always be accessible.
- Periodically check the cord for damage. A damaged or non-functioning unit must no longer be used. If the cord is damaged, take the charging unit to an Oral-B Braun Service Centre.
- This product is not intended for use by children under age 12.
- This appliance is not intended for use by children or persons with reduced physical, sensory or mental capabilities, unless they are supervised by a person responsible for their safety. In general, we recommend that you keep the appliance out of reach of children.
- Children should be supervised to ensure that they do not play with the appliance.
- If the toothbrush handle is dropped, the brush head should be replaced before the next use even if no damage is visible.
- Do not place or store the appliance where it can fall or be pulled into a tub or sink.
- Do not place the appliance in water or other liquid.
- Do not reach for an appliance that has fallen into water. Unplug immediately.
- Do not modify or repair the product. This may cause fire, electric shock or injury. Consult your dealer for repairs or contact an Oral-B Braun Service Centre. Do not disassemble the product except when disposing of the battery.
- When taking out the battery from the toothbrush handle for disposal, use caution not to short the positive (+) and negative (–) terminals.
- Do not insert any object into any opening of the appliance.
- Do not touch the power plug with wet hands. This can cause an electric shock.
- When unplugging, always hold the power plug instead of the cord.
- Use this product only for its intended use as described in this manual. Do not use attachments or chargers not recommended by the manufacturer.
- If you are undergoing treatment for any oral care condition, consult your dental professional prior to use.

12 Jet release button
13 On/off switch
14 Water pressure control dial
15 Handle switch (water stop and go)
16 Irrigator handle
17 Water container (600 ml)
18 Cord storage

Specifications:
For voltage specifications please refer to the bottom of the charging unit.

A Using your toothbrush

Your Oral-B Professional Care OxyJet +3000 comes with a convenient wall holder. It can be mounted easily using the attached items (see picture 2, page 4).

Connecting and charging
Your toothbrush has a waterproof handle, is electrically safe and designed for use in the bathroom.

- Plug the appliance into an electrical outlet and place the toothbrush handle (4) on the charger base (1), (see picture a, page 5).
- The green charge indicator light (3) flashes, while the handle is being charged. Once it is fully charged, the green charge indicator light shines continuously for 5 seconds; then it turns off.
- A full charge enables up to seven days of regular brushing (twice a day, 2 minutes). To check the charging status when the charging light is off, shortly lift up and return your handle on the charging unit. The charge indicator light will shine permanently for 5 seconds and turns off when your handle is fully charged.
- When the rechargeable battery is low, the red low charge indicator light (2) starts blinking after turning off your toothbrush.
- For everyday use, the toothbrush handle can be stored on the charging unit to maintain it at full power. Overcharging is impossible. However for environmental reasons, Oral-B recommends to unplug the charging unit until the next recharge is required. Please note that you need to plug in the appliance when using the irrigator.
To maintain the maximum capacity of the rechargeable battery, unplug the charging unit and fully discharge the handle with regular use at least every 6 months.

Please note: If the charge indicator light is not flashing immediately, continue charging. It will appear in 10–15 minutes.

Brushing modes
Your toothbrush offers different brushing modes to best meet your individual oral care needs.

- «Daily Clean»: Exceptional mouth cleaning
- «Sensitive»: Gentle, yet thorough cleaning for sensitive areas
- «Whitening»: Exceptional polishing for occasional or everyday use

How to switch between brushing modes:
- When pressing the on/off button (5) your toothbrush automatically starts in the «Daily Clean» mode.
- To switch to the «Sensitive» and «Whitening» mode, successively press the on/off button.
- To turn off your toothbrush from the «Whitening» mode, push the on/off button once more.
- If you wish to turn off your toothbrush from either the «Daily Clean» or «Sensitive» mode, push and hold down the on/off button until the motor stops.

Brushing technique
Attach the brush head (7) to the toothbrush handle. You can use any kind of toothpaste. To avoid splashing, first guide the brush head to your teeth before switching on the appliance. Guide the brush head slowly from tooth to tooth, spending a few seconds each tooth surface. Brush both the gums and the teeth; first the outsides, then the insides and finally the chewing surfaces. Do not press too hard or scrub.

Pressure Sensor
Helping protect your teeth and gums from hard brushing, your toothbrush has a pressure control feature installed (see picture b, page 5). If too much pressure is applied, the red pressure sensor light (6) will light up reminding you to reduce pressure. In addition you will also hear a different sound while brushing. Periodically check the operation of the pressure sensor by pressing lightly on the brush head during use.

Professional Timer
A short stuttering sound at 30-second intervals reminds you to brush equally all four quadrants of your mouth.

A long stuttering sound indicates the end of the professionally recommended 2-minute brushing time (see picture c, page 5).

The elapsed brushing time is memorised, even when the handle is briefly switched off during brushing. When pausing longer than 30 seconds the timer resets to the initial starting point.

In the first days of using the toothbrush, your gums may bleed slightly. In general, bleeding should stop after a few days. Should it persist after 2 weeks, please consult your dentist or dental hygienist. If you have sensitive teeth and gums, Oral-B recommends using the «Sensitive» mode.

Brush heads and accessories (depending on model)
The Oral-B Professional Care offers you a variety of brush heads and accessories, allowing you to select those which best meet your oral care needs. Replacement brush heads and accessories are available in stores that sell Oral-B products.

Oral-B Precision Clean brush head
The Oral-B Precision Clean brush head cups each tooth with a curved bristle trim and reaches deep between teeth at the same time.

Oral-B ProWhite brush head
The Oral-B ProWhite brush head features a dentist-inspired polishing cup to remove surface stains from coffee, tea and tobacco for effective brightening.

We do not recommend using the Oral-B ProWhite brush head with braces. Children under 12 years old should not use the Braun Oral-B ProWhite brush head.

Oral-B brush heads feature blue INDICATOR® bristles to help you monitor brush head replacement need. With thorough brushing, twice a day for two minutes, the light blue color will fade halfway approximately within 3 months, signaling it is time to change the brush head.

Oral-B Power Tip
Cleans deep between teeth as well as around orthodontic appliances.

Cleaning recommendations
After brushing rinse your brush head or accessory carefully under running water for some seconds with the handle switched on. Switch off the handle and remove the brush head or accessory. Clean both
parts separately under running water (see picture d, page 5); then wipe them dry before reassembling the toothbrush. Put the toothbrush handle back on the charger base.

B Using your irrigator

Before using the irrigator first time, fill the water container (17) and allow the water to run through completely by holding the irrigator handle (16) over a washbasin.

- Attach one of the irrigator jets (10) to the handle until it locks into place (see picture e, page 5). Fill the water container with lukewarm water. If you want to add mouthwash into the water, please make sure you fill the water container with lukewarm water first, then add the mouthwash (see picture f, page 5).
- Turn on the irrigator by pressing the on/off switch (13) (see picture g, page 5). When doing so, the handle switch should be in the lower position = water stop.
- Select the water pressure with the pressure control dial (14) (1 = gentle, 5 = strong) (see picture h, page 5). We recommend that you start with setting 1, especially if your gums tend to bleed or if children are using the irrigator.
- Bend over a washbasin and guide the jet to your teeth and gums. Slide the handle switch (15) up to start the water stream (see picture i, page 5). Keep your mouth slightly open to allow the water to run into the washbasin.

You can choose between two different jet functions by sliding the jet switch (11) down or up (before doing so, turn off the water stream by sliding the handle switch down):

Rotating stream for general cleaning and gum massage (jet switch in lower position): The rotation of the water stream and its micro-bubbles is designed for easy penetration and gentle gum massage (see picture k, page 5).

Mono stream (jet switch in upper position): The straight water stream is designed for targeted cleaning (see picture l, page 5).

Maximal operation time: 15 minutes
Cooling off time: 2 hours

In general we recommend to replace the irrigator jet every 3 months.

After use

Always empty the water container entirely. If your dentist has recommended the use of mouthwash with your irrigator, allow some clean water to run through the irrigator before you empty the container entirely to prevent any deposit build-up. Make sure you keep the irrigator switched on until the water stops running through the irrigator jet, to prevent bacteria from collecting in the standing water.

Press the on/off switch to turn off the irrigator.

To take off the irrigator jet, press the jet release button (12), (see picture j, page 5). Always wipe the handle and the irrigator jet dry; place the handle back onto its base and store the irrigator jet in the jet compartment (9). Always wipe the handle and the irrigator jet dry; place the handle back onto its base and store the irrigator jet in the jet compartment (9).

Cleaning recommendations

Regularly clean the housing with a damp cloth. The water container and the jet compartment are removable and dishwasher-safe.

Removing Batteries

At the end of the product’s useful life, open the handle as shown, remove the rechargeable battery and dispose of it according to local environmental regulations.

Warning:
Do not disassemble the product at any time other than when disposing of it. Failure to observe this point may result in short circuit, fire or injury. For repair or maintenance (such as battery replacement), take the product to an authorized service centre.
Caution!
Opening the handle will destroy the appliance and invalidate the warranty.

Please make sure the rechargeable battery is completely discharged before disassembling the appliance for product disposal.

Subject to change without notice.

Environmental notice
This product contains rechargeable batteries. In the interest of protecting the environment, please do not dispose of the product in the household waste at the end of its useful life. Disposal can take place at an Oral-B Braun Service Centre or at appropriate collection points provided in your country.

Guarantee
We grant 2 years limited guarantee on the product commencing on the date of purchase. Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose. This guarantee extends to every country where this appliance is supplied by Braun or its appointed distributor.

This guarantee does not cover: damage due to improper use, normal wear or use, especially regarding the brush heads, as well as defects that have a negligible effect on the value or operation of the appliance. The guarantee becomes void if repairs are undertaken by unauthorised persons and if original Braun parts are not used.

To obtain service within the guarantee period, hand in or send the complete appliance with your sales receipt to an authorised Oral-B Braun Service Centre.

For UK only:
This guarantee in no way affects your statutory rights.

Warranty replacement brush heads
Oral-B warranty will be voided if electric rechargeable handle damage is found to be attributed to the use of non-Oral-B replacement brush heads. Oral-B does not recommend the use of non Oral-B replacement brush heads.

• Oral-B has no control over the quality of non-Oral-B replacement brush heads. Therefore, we cannot ensure the cleaning performance of non-Oral-B replacement brush heads, as communicated with the electric rechargeable handle at time of initial purchase.
• Oral-B cannot ensure a good fit of non-Oral-B replacement brush heads.
• Oral-B cannot predict the long-term effect of non-Oral-B replacement brush heads on handle wear.

All Oral-B replacement brush heads carry the Oral-B logo and meet Oral-B’s high quality standards. Oral-B does not sell replacement brush heads or handle parts under any other brand name.
