Dear parents,

The Braun Oral-B Kids' PowerToothbrush has been developed with leading dental professionals to effectively remove plaque in children. It will make it easier for your child to brush their teeth and thoroughly. We hope you will get your child to enjoy using the Braun Oral-B appliance.

This appliance is suitable for children 3 years or older. Please read the use instructions carefully and completely before allowing your child to use the appliance. We recommend that parents supervise their child on how to use the appliance in order to help become familiar with it.

**IMPORTANT**

- Periodically check the cord for damage. If the cord is damaged, take the appliance to an Oral-B Service Centre. A damaged or non-functioning unit should no longer be used. Do not modify or repair the product. This may cause fire, electric shock or injury.
- Usage by children under age 3 is not recommended. Toothbrushes can be used by children and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge, if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved.
- Cleaning and maintenance shall not be performed by children.
- Children shall not play with the appliance.
- Use this product only for its intended use as described in this manual. Do not use attachments which are not recommended by the manufacturer.

**WARNING**

- If the product is dropped, the brush head should be replaced before the next use even if no damage is visible.
- Do not place the charger in water, liquid or store it where it can fall or be pulled into a tub or sink. Do not reach for it if it has fallen into water. Unplug immediately.
- Do not disassemble the product except when disposing of the battery.
- When unscrewing the appliance for disposal of the unit, use caution so as not to short the positive (+) and negative (-) terminals.
- When unscrewing, always hold the appliance at the bottom. Do not touch the power plug with wet hands. This can cause an electric shock.
- If you are undergoing treatment for any oral care condition, consult your dental professional prior to use.
- This toothbrush is a personal care device and not intended for use on multiple patients in a dental practice or institution.
- Do not use as a toy or without adult supervision.
- Replace brush head every 3 months or sooner if brush head becomes worn.

22 hours and enables up to seven days of regular brushing (twice a day, 2 minutes).

Note: If the charging light does not flash immediately, continue charging. It will appear in 10–15 minutes.

• For everyday use, the handle can be stored on the plugged-in charging unit to maintain the appliance at full power. Overcharging is impossible.

Battery maintenance
To maintain the maximum capacity of the rechargeable battery, unplug the charging unit and discharge the handle by regular use at least every 6 months.

Brushing with a music timer
Use the following steps to show and explain to your child how to use the appliance properly:

• When the handle is taken from the plugged-in charging unit, a short melody will sound.

• Put a small amount of toothpaste onto the brush head (we recommend kids toothpaste).

• First guide the brush head to the teeth, only then turn on the handle by pressing the on/off switch (B) (2).

• Start with the lower teeth: Slowly guide the brush head from tooth to tooth;
– first the outsides,
– then the insides,
– finally the chewing surfaces (3).

Do not scrub or press too hard. The toothbrush automatically provides the proper cleaning action.

• After one minute of operation, the brush movement will be interrupted by a short melody. This tells your child to move on to the upper teeth.

• Turn off the handle by pressing the on/off switch (B) while the brush head is still in the mouth.

We recommend to replace the brush head every three months. The brush head is provided with a row of blue INDICATOR® bristles (3a). With proper brushing twice a day for two minutes, the colour will disappear half-way down these bristles in a 3-month period (3b). If bristles begin to splay before the colour starts to recede, this indicates that your child exerts too much pressure on teeth/gums (3c).

Replacement brush heads: Stages
Power (EB10)
Available at your retailer or at Oral-B Braun Service Centres.

In the first days of using any electric toothbrush, gums may bleed slightly. In general, bleeding should stop after a few days. Should it persist after 1 week or if the blood is not from toothpaste, please consult your dentist or dental hygienist.

Cleaning
After use, rinse the brush head for several seconds under running water with the handle switched on.

Open the handle as shown, remove the battery and dispose of it according to the local environmental regulations.

Guarantee
We grant a 2-year limited guarantee on the product commencing on the date of purchase. Within the guarantee period we will eliminate, free of charge, any defects in the appliance resulting from faults in materials or workmanship, either by repairing or replacing the complete appliance as we may choose. This guarantee extends to every country where the appliance is supplied by Braun or its appointed distributors.

This guarantee does not cover:
- damage due to improper use, normal wear or use, especially regarding the brush heads, as well as defects that have a negligible effect on the value or operation of the appliance.
- any defects that are undertaken by unauthorised persons and only Braun parts are not used.

To obtain service within the guarantee period, hand in or send the complete appliance with your sales receipt to an authorised Braun Oral-B Service Centre.

This guarantee in no way affects your rights under statutory law.

Warranty replacement brush heads
Oral-B warranty will be voided if electric rechargeable handle damage is found to be attributed to the use of non-Oral-B replacement brush heads. Oral-B does not recommend the use of non Oral-B replacement brush heads.

Oral-B has no control over the quality of non-Oral-B replacement brush heads. Therefore, we cannot ensure the cleaning performance of non-Oral-B replacement brush heads, as communicated with the electric rechargeable handle at time of initial purchase.

Oral-B cannot ensure a good fit of non-Oral-B replacement brush heads.

Oral-B cannot predict the long-term effect of non-Oral-B replacement brush heads on handle wear.

All Oral-B replacement brush heads carry the Oral-B logo and meet Oral-B's high quality standards. Oral-B does not sell replacement brush heads or handle parts under any other brand names.
